Product Description

In home bedding and high-end hotel decoration, a luxurious bed towel is becoming the mainstream of luxury bedrooms. It not only adds color to the bed, but also showcases the space of the room.

Luxury Bed Scarf is usually placed at the back of the bed, covering the bedspread or blanket. We use premium fabrics such as natural delicate cotton, Egyptian long staple cotton, natural silk, and other precious materials. These materials not only have outstanding texture, but also present a unique luster and touch. Each material is polished and processed through multiple processing techniques to ensure the quality of the product.

In terms of design, this bed scarf incorporates multiple elements, using the Morandi color scheme and various patterns to better showcase the delicate details of the fabric. We manually and professionally wrap the edges of each bed end towel, and the patterns are embroidered or jacquard processed through precise computer calculations. Hand sewn edges are not easily deformed, and customized patterns showcase the unique charm of the product. Whether it's modern style, European style, or natural countryside style, we can create the style and pattern you want for you very well. If necessary, we can also add tassels for you to make the entire bed scarf more beautiful.

Luxury bed scarf not only decorates rooms, but also has great value:

1. Protecting the mattress: Bed scarf can effectively prevent bed sheets from getting dirty and reduce dust pollution to bedding.
2. Widely used: It can be used as a sofa cover or leisure blanket.
3. Brand effect: In hotels, you can promote and embroider exclusive logo patterns for your hotel.

From star rated hotels to family life, from simplicity to luxury, choose a high-quality luxury bed scarf to enhance the atmosphere and space of the entire room. Let us customize a bed scarf exclusively for you
